Why not choose one of Denmark's most experienced trading partners?

- Experienced trading professionals – supported by skilled research professionals
- Efficient IT support
- CLS clearing
- Smooth top ranking settlement and custody services.

Together they constitute an excellent argument for conducting your FX, MM, and securities trading through Sydbank Markets.

Sydbank Markets manages the Bank's trading activities within FX, fixed income and securities markets.

Sydbank Markets

- is a primary dealer of Danish government bonds – a market-maker function undertaken by only very few Danish banks
- is a major provider of a wide range of financial instruments – from spot to structured solutions including innovative use of derivatives
- maintains all prices and undertakes other market-making obligations
- services institutional investors and individual major clients.
